# YOUR HISTORIES of NORTH OAKLAND

*Sights, Sounds, & People from the Recent to the Deep Past*

I used to visit the Sidda meditation Center (San Pablo + Stanford) when Muktananda was there. It was an open and friendly place; veggie lunch available, ~~&~~ chanting meditations on Friday, Saturday nights, meditation workshops and special holy-day celebrations. I remember when a young boy and girl were chosen as new gurus to take over for Muktananda. Guru Nityi became head.

*Thanks for making history!*
